1 Introduction

Blah Blah Blah Blah Blah

Figure 1: Real, local caption

Figure 1 shows a test image of an hamloaf.

2 Related Works

Blah Blah Blah Blah Blah

3 Design

A list will go here!

- This is our first line.
- This is our second line which is longer on purpose to see how text wraps within lists!
 - ◊ A bullet within a bullet! Cool!
 - ◊ Here's another one! Awesome!
 - Must go Deeper!
- A third item for good measure.
 1. Some people
 2. Like lists
 3. Numbered instead!

3.1 Structure of Programs

Blah Blah Blah Blah Blah

Table 1: Real, local caption [1]

Program Name	Executable Compiled	Description of Program
Test	Test.exe	This program is used in the testing of this table. It uses no parameters but does return 2 values.
Tes2	Test2.exe	This program is used in the testing of this table. It uses 2 parameters and returns 4 values.

Table 1 Shows the various programs within my package along with the executables compiled and their uses within the test case.

3.2 Functionality at Runtime

Blah Blah Blah Blah Blah

4 Experiment/Results

Blah Blah Blah Blah Blah

4.1 Testing Environment

Blah Blah Blah Blah Blah

4.2 Running the Tests

Blah Blah Blah Blah Blah

4.3 Examining the Results

Blah Blah Blah Blah Blah

5 conclusion

Blah Blah Blah Blah Blah
